

THE LAND BETWEEN

The Staff – 5/16/2021

OVERVIEW

In the story of the Amalekite/Israelite battle, Aaron and Hur played a significant role in the battle. For every dream and vision that God will give, He will provide Aarons and Hurs to support them. Is God giving you a dream or vision, or is He calling you to play a supporting role?

Scriptures: Exodus 17:8-14

APPLICATION

- Jeremy starts off by saying, “God used the ‘land between’ to equip, prepare, and refine the Israelites for what was ahead.” How have you seen God go before you and equip, prepare, or refine you before a significant event?
- We are to ask ourselves two questions: What is a dream or vision that God has for me? Who around me is currently holding up a staff that I can support? As you ponder those two questions, pay close attention to what God is showing you.
- In the story of the Amalekite/Israelite battle, Aaron and Hur played a significant role in the battle. For every dream and vision that God gives, He will provide Aarons and Hurs for support. Has God stirred in your heart a place where you are to play a support role?
- Jeremy shared three filters for knowing who to support: you find evidence of God’s empowerment, you see integrity, and you sense humility. How do you personally filter knowing where God wants you to use your resources, time, and efforts?
- Is there a next step you need to take toward a dream or vision God has given you or toward supporting someone else’s dream or vision’?
- In Exodus 17:14, the Lord said to Moses, “Write this on a scroll as something to be remembered...” Why is remembrance so important for the Israelites specifically? What do you need to write down as we talk about the dreams and visions of His people?
- NEXT STEP: Make intentional space this week to ask the two questions: God, what is a dream or vision You have for me, and who around me is currently holding up a staff that I can support? Write down the things you sense God shares with you.
